

## **PRESS RELEASE**

---

### **CLEVOR NAMED A FINALIST IN NEW SAKATCHEWAN PRODUCT CATEGORY FOR 2010 ABEX (ACHIEVEMENT IN BUSINESS EXCELLENCE) AWARD**

**Saskatoon, Saskatchewan, September 9, 2010** – Saskatchewan Chamber of Commerce 2010 Abex Award committee announced that Clevor Technologies Inc. has been named a finalist for the 2010 Abex award in the category of New Saskatchewan Product.

The TIA New Saskatchewan Product award goes to a business demonstrating exceptional performance in developing a new Saskatchewan made product, technology or service, which is original and has a good commercial potential. The winner also receives a \$10,000 monetary award provided by Saskatchewan Research Council's Technology in action fund.

All the award recipients will be announced at the special Awards dinner on October 30, 2010.

Ravi Maithel, President & CEO of Clevor Technologies, Inc. said that Clevor is happy to receive this recognition. He pointed out that innovative customers who are willing to use new products are essential to the success of companies with innovative new products and services such as Clevor.

#### **About Clevor Technologies Inc.**

Clevor Technologies Inc. has developed and markets a suite of Schedule Optimizer software tools for construction companies, professional services companies and manufacturers. Clevor Schedule Optimizers build a schedule that "optimizes" a given business objective. These software tools use a patent-pending intelligent systems-based high performance optimization engine developed by Clevor. These solutions help build a significant competitive advantage for its users.
